

Personality Development A Psychoanalytic Approach

MANCHESTER SERIES 2008/09

Places are available for the next intake to our very successful and popular series of Personality Development Seminars starting in November 2008.

This course provides a detailed introduction to the key developmental factors and unconscious processes involved in the emotional life of the child and family from before birth through to young adulthood. It is an informative and stimulating learning experience for all professionals working with children, adolescents and adults.

Participants in the seminars are invited to think about the interplay of internal and external factors which underlie the development of personality throughout the lifecycle. Although participants can opt into selected seminars, the course is intended to highlight the impact on later development of earlier emotional experience across the age range and therefore the course will be most meaningful if the entire series is attended.

Course Leader: Kathy Duguid, NSCAP North West Training and Workforce Development Lead

- Outline**
- Seminars take place over seven Saturdays from 11.30am – 3.00pm
 - Each seminar will be led by an experienced Child and Adolescent Psychotherapist and will include a lecture and group discussion
 - Certificate of attendance will be provided as evidence of professional development

- Venue**
- Manchester Metropolitan University's John Dalton Building in the CATE room

- Cost**
- Full series of seven seminars **£220**
 - Individual seminars **£35**
 - Lunch is provided
