

NWIDP CPD EVENT

'Uncertain Territory: Borderline States in Adults, Children and Organisations'

Saturday, 25 April 2009
9.30 am – 4.30 pm
**Chancellors Hotel & Conference Centre,
Manchester**

This conference brings together a number of psychoanalytic organisations and communities across adult, child and family and organisational domains. It offers exciting possibilities for thinking, discussion, debate and understanding of borderline states of mind. It is also a rare opportunity to participate in an event which reaches across the borders of different collegiate groupings and clinical interests.

This event is organised by NWIDP (with the support of NSCAP and the BPC) as part of its ongoing CPD and development programme.

Speakers:

David Taylor

Clinical Director of the Tavistock's Randomised Control Trial of psychoanalytic psychotherapy in the treatment of chronic and refractory depression, and consultant psychotherapist in the Adult Department of the Tavistock & Portman NHS Foundation Trust where he was formerly the Medical Director. He is a training and supervising analyst of the British Psychoanalytical Society.

Lynne Amidon

Consultant Child and Adolescent Psychotherapist, Monroe Family Assessment Service, Tavistock and Portman NHS Foundation Trust

Andrew Cooper

Professor of Social Work, Tavistock and Portman NHS Foundation Trust and University of East London

**Lunch and refreshments included
Attendance certificates provided**
